Judy Rice
Civil Air Patrol
Maxwell AFB, AL

Dear Judy,

The officers and trustees of the Aerospace Education Foundation (AEF) are pleased to endorse the Civil Air Patrol's National Conference on Aviation and Space Education (NCASE).

We have had the opportunity over the past three years to be a co-sponsor of the National Conference. Our experience has been an enjoyable and productive one. We have met many teachers who remark on the substantial impact that attending NCASE has on their students. The workshops and professional development seminars they attend while at the Congress prepare them to present aerospace activities in a fun and engaging way to their students.

We are proud to once again offer our support for the National Conference on Aviation and Space Education and encourage others to support this worthy endeavor.

Sincerely,
